THE SEED January 1988

NEWSLETTER FOR APPLE COMPUTER USERS

FUTURE MEETINGS

PLEASE NOTE! WE ARE
NOT MEETING AT THE GREEN CENTER.

Until further notice the general meeting and the core meet will be combined into one meeting which will be held from 12 noon to 3 P.M. on the Sunday following the first Thursday of the month at the Clear Creek Office Park, 4251 Kipling, Wheat Ridge.

COMPUTER C.A.C.H.E/APPLE PI
CHRISTMAS MEETING

What a party!!! On December 10, at 7 P.M., computer enthusiasts from all over the Denver area gathered at 999 S. Clermont for a gala Christmas party. Joe Madden, C.A.C.H.E. President, called the meeting to order while Joyce Madden, C.A.C.H.E. Secretary, and Jeanette Stanton, Secretary for Apple Pi, were greeting people and distributing tickets for the door prizes. The officers of Apple Pi were introduced and Paul Wencko, Vice President of Apple Pi, spoke for a few minutes.

There were gifts galore and everyone who registered won something. Some of the bigger prizes were won by: Robert B. Davis - Type!; A. Roger Dowell - Clan Practical Accounting; Joe Johnson - AppleWorks; Kevin Kralian - Pinpoint Add program; Jean Maguire - Music Studio; Jim Patton - Copy II Plus; and Scott Plummer - MultiScribe GS.

Some of the other prize winners were Detlef Adolff, Larry Apple, Richard Barton, Jim Buerk, Isolde Carrier, Robert Cheuvront, Ed Cleary, Terry Cook, Leroy Crotts, Bob Davis, Gary Edwards, Larry Fagan, Lee Hayward, Dorsey Hudson, Rod Hunley, Burt Kaplan, Skip McClimans, Harry McMullen, John Nelson, John Nelson, Jr., Mark Nieman-Ross, Tom Olmstead, Howard Roepnack, Bill Sarber, George Shinn, Lou Slade, Marge Smith, Jeanette Stanton, Tim Waddingham, Paul Wencko, T. M. Wilkinson, Jerry Wilson, Russ Wright, Paul Zartun.

But the biggest and most exciting surprise of the evening was the Grand Prize which was an Apple IIe computer donated by Wayne Beverly of Computerland of Denver, 1629-A So. Colorado Boulevard. This fabulous gift went to Richard Schloeman, Librarian of Apple Pi.

Heartfelt thanks go to the following prize contributors who helped make our party such a success: Adam's Computers, Apple Computer, Apple Fontrix Club, Apple Pi, Central Point Software, Computer C.A.C.H.E., Computerland of Denver, Connecting Point, Contemporary Computer Concepts, The Neighborhood Computer Store

Of course we must thank Joe and Joyce Madden who invited Apple Pi to this party

and worked very hard putting all this together.

After presentation of prizes, refreshments were served. Pat and Bob Davis did an excellent job of setting up the table of goodies which included cookies, cakes, candy, and beverages. Thank you Pat and Bob!

In the periphery of the room, Larry and Dan Fagan and Rod Hunley were running the Apple Pi Store, and computers were set up for demonstrations and for making copies. At the helms of these computers were Jim Buerk, Erik Von Halle, Ted Snook, Russ Wright, and Paul Wencko.

A good time was had by all, and we hope we can get together again.

MESSAGE FROM THE PRESIDENT

It was nice seeing all of you at the Christmas party with Computer CACHE. Looking at the progress we have made in 1987, I feel that that 1988 will be a great success.

When the officers were given their positions last May, the club was not in a good condition. At the time, we had to make decisions regarding what changes the club would have to go through to survive, using suggestions from the survey.

I am glad to say that the club is back on its feet, and here to stay. Our accomplishments include:

- A Macintosh library.
- Improved financial status.
- Excellent programs for the next few months.
- A Macintosh Special Interest Group.
- An Appleworks Special Interest Group
- An Apple //gs Special Interest Group

And in addition, we have started an Apple //gs library.

I would like to thank all of the officers of Apple Pi, especially Jeanette Stanton. Her performance as secretary is outstanding. She also was the SEED editor for the last few months. She typed, arranged, addressed, sorted, and mailed all the SEEDs. So from all the officers and members, thank you Jeanette for getting us through a difficult time.

Have a happy new year, and I look forward to seeing you all at the January meeting!

-Kevin Kralian,
President.

WE ARE STILL LOOKING FOR A NEW MEETING ROOM!

Does anyone know of a room anywhere in the Denver area that Apple Pi can use for general meetings that will hold 50-100 people?

THE SEED WANTS AUTHORS

Become a published author, the Apple Pi Seed is now being typeset using Printrix and can support three kinds of graphics.

These are single hi-res screens, Fontrix Graffiles, and four sector clip art graphics such as Print Shop graphics.

So bring anything (well almost anything) about Apple computing you have written or illustrated on a 5 and 1/4 inch disk to a meeting and we will put it in the seed.

SCHEDULE OF FUTURE MEETINGS

January: Fank Sommer will demonstrate his program "TAX ADVANTAGE" from Arrays Incorrporated.

February: Rod Nelson will demo his latest version of Printrix.

March: Graphics meeting. Learn more about High resolution graphics on the Apple. Erik Von Halle will be demonstrating new equipment and plans to have a video digitizer or Thunderscan available so people can save their favorite artwork onto disk.

Unscheduled Future Meeting: Apple Music. Learn about MIDI, Musical Instrument Digital Interface, and how Apple computers can control digital synthesizers.

Other Meetings: Let us, your Apple Pi board, know what your interests are or better yet volunteer and present one of your interests at a meeting.
